8/30/06 **A05-12-002** – Pacific Gas and Electric Company, for authority, among other things, to increase rates and charges for electric and gas service effective January 1, 2007.

Summary: On August 25, 2006, Brian Cherry, Vice President of Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Stephen St. Marie, advisor to Cmmr. Bohn, in San Francisco. Also present were Commissioners' advisors, Mark Pocta and other representatives of the Division of Ratepayer Advocates, and Jane Yura, Director, General Rate Case, and other representatives of PG&E. A list of participants is attached to the notice. Written material (attached to the notice) was used. Yura explained, in connection with the General Rate Case Settlement, that the settlement was comprehensive agreement between the parties and should be treated as an integrated whole. Pocta discussed the rate impacts of the settlement proposal, and noted the importance of the attrition portion of the settlement, and that revenue for PG&E would increase by less than two percent annually on a total system billed revenue basis for the proposed four year period.

8/31/06 **A04-12-004** – San Diego Gas & Electric Company and Southern California Gas Company, for authority to integrate their Gas Transmission Rates, establish firm access rights, and provide Off-System Gas Transportation Services.

Summary: On August 30, 2006, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company (SoCalGas) and San Diego Gas & Electric Company (SDG&E), met with Belinda Gatti, advisor to Cmmr. Brown, in San Francisco. Zafar explained that a system of firm access rights will give customers certainty that their gas will flow. Zafar stated that the Joint Proposal supported by many of the LNG developers will not give Southern California firm access

rights; rather, it will give LNG developers a scheduling priority for paying the cost to interconnect to the system. Zafar stated that the Joint Proposal can be implemented in conjunction with the firm access proposal. Finally, Zafar reiterated SoCalGas/SDG&E's intent to implement a system of firm rights as soon as possible.

8/31/06 **R04-01-025** - Order Instituting Rulemaking to establish policies and rules to ensure reliable, long-term supplies of Natural Gas to California.

Summary: On August 30, 2006, Marzia Zafar, CPUC Relations Manager for Southern California Gas Company and San Diego Gas & Electric Company, met with Belinda Gatti, advisor to Cmmr. Brown, and Andrew Campbell, advisor to Cmmr. Chong, in two separate meetings in San Francisco. Zafar explained that Pres. Peevey's alternate should be adopted. Zafar further explained that South Coast Air Quality Management District's continued assertion that gas quality specification with a maximum Wobbe of 1,385 somehow triggers California Environmental Quality Act is just as misplaced as RACE's assertion during Phase 1 of this Rulemaking. Zafar also raised the issue of Uniform Hourly Requirements and urged the Commission not to adopt a plus/minus twenty percent for balancing of hourly deliveries.

8/31/06 **R06-02-012** - Order Instituting Rulemaking to develop additional methods to implement the California renewables portfolio standard program.

Summary: On August 28, 2006, Sara Steck Myers, attorney for the Center for Energy Efficiency and Renewable Technologies (CEERT) met with Nancy Ryan, advisor to Cmmr. Peevey, in San Francisco. Myers stated that CEERT supported the proposed decision's (PD) determination that more flexibility and variety in contract options and procurement mechanisms could and should be allowed for all load-serving entities (LSEs) obligated to meet the twenty percent renewables procurement target required by the California Renewable Portfolio Standard Program. Myers expressed concern, however, that certain findings and conclusions in the PD could, without clarification, produce a converse effect and actually create 'artificial barriers' to LSEs and renewable energy sellers coming 'to mutually agreeable terms', a result at odds with the PD's stated intent.
